WORK EXPERIENCE

Citibank   Nov. 2024 – Present
Frontend Engineer   *Tampa, FL*
- Led frontend development of multiple greenfield applications in internal Citi departments:
    - Established unit testing and end-to-end testing strategies using Jest, Jasmine, Vitest, and Cypress
    - Constructed multi-environment CI/CD pipelines using Bitbucket, Jenkins, and Sonarqube
- Drove UI/UX consistency across multiple Citi applications by contributing to shared component libraries and enforcing monorepo architecture standards.
- Engineered dynamic, data-driven UI components and dashboards integrating with RESTful APIs and internal microservices to visualize complex business data.
- Provided technical leadership and mentorship to junior developers, fostering a culture of knowledge-sharing and continuous technical self-improvement.

Doran Jones Inc.   Dec. 2021 – Nov. 2024
Frontend Engineer   *Tampa, FL*
- Developed and maintained scalable web applications for a leading financial institution (Citigroup) using Angular and Nx, ensuring high performance, responsiveness, and providing cohesion across technical teams working within monorepos.
- Implemented complex business logic and data visualization features using Angular components, services, and external libraries and APIs.
- Spearheaded development of shared UI libraries using Storybook.
- Coordinated and planned development with cross-functional teams (Java developers, UI/UX designers) in order to manage timelines efficiently, ensure code extensibility for future requirements, and strategize problem-solving approaches.

Avocat Group   Sep. 2020 – Sep. 2021
Revenue Operations Manager   *Tampa, FL*
- Analyzed and interpreted market data and territory research to deliver top-funnel opportunities to SDRs and Account Managers.
- Spearheaded company website updates using Wordpress and Divi. Managed company's data migration between CRMs.

First Coast News   May 2019 – Sep. 2020
Account Executive   *Jacksonville, FL*
- Identified and developed local client accounts through prospecting, media spend research, campaign ideation, and presentations.

EDUCATION

University of Florida   April 2019
B.S. Telecommunications Management   *Gainesville, FL*

OTHER STUFF

Outside of work, I take the time to learn new technical frameworks and create projects of my own. My personal tech stack *usually* involves React (or Next.js) along with Node.js, and a noSQL database like MongoDB or an SQL database manager like PostgreSQL.
